Baby Shower

A baby shower is a celebration to mark the impending birth of a baby. It's a way for friends and family to come together and 'shower' parents-to-be with essential items and gifts. They can be flashy affairs with lots of baby shower activities and games, or they can be much more low-key and intimate.

People around the family, who care for them, want to be involved in the child's life, and a baby shower presents an opportunity for them to give gifts and be of help, showing their love for the family. If it happens before the birth, it allows the new family to thank everyone.

We do understand the feelings and make our Arrangements accordingly..!
